**April 25-27, 2014**

**Pennsylvania Farm Show Complex  
Harrisburg, Pennsylvania**

## Dear Alpaca Enthusiasts

Silver Penn Sales and their distinguished guest consignors would like to invite you to attend the Jubilee Alpaca Auction to be held on April 26, 2014 at the MAPACA Jubilee Alpaca Show in Harrisburg at the Pennsylvania State Farm Complex.

Within these pages, you will discover 43 huacayas and suris which represent some of the most sought-after genetics found in North America! This exciting Auction not only offers the sellers an opportunity to "Showcase" their breeding programs, but also offers buyers an opportunity to add these superior genetics to their breeding programs.

This auction promises to be one of the most exciting events of the year. Come prepared for a fun-filled weekend full of educational seminars, a great show, friends of old and new, and an Extreme line-up of alpacas up for bid!

See you at the Jubilee,

Silver Penn Sales

Debbie Harden-Vigus & Brett Kaysen

Sire: Snowmass  
Royal Rose

Dam: Cassis

Loca Mocha's pedigree combines some of the most renowned color genetics in the industry. Her sire is the famed Hemingway son Snowmass Royal Rose, who has an incredible production record: Snowmass XXXtreme, Snowmass Royal Challenger, and CCNF Royal Ring of Fire are just a few of Loca Mocha's paternal siblings setting the standard for excellence in the production of elite colored fleeces. The combination of Hemingway and Bueno genetics Loca Mocha inherits from her sire are also the source of the lasting royal fineness of her dark fawn fleece. But it gets better, because Loca Mocha's dam is the true black foundation dam Cassis, a Black Mesquite daughter who has produced one show winning cria after the next, including the champion true black male Jetson's Ace of Spades. These are top quality color genetics that will enhance the production of any herd, and Red Ghost alpacas has added to the value of this offering by including an option for a half-priced breeding to any of their incredible sires, including the Quechua son Snowmass Chateau and the outstanding rose grey male Greener Pastures Artemis. Don't miss this opportunity to add Loca Mocha to your breeding program!

Sunkist's fleece just shimmers in the sun, with very uniform and independent locks waving as she walks. She has a nice personality and walks well on a lead, ready for the show ring or the breeding barn. Sunkist is the product of 2 multiple champions on our farm, Victory and Safina. Both have retained their fineness and high luster as they have gotten older. Victory, her sire, tested with a 23 micron AFD fleece at the age of 8! Victory has won 3 Championships at Level 5 shows, his most recent was Fleece Fawn Color Champion at the 2011 MAPACA Jubilee. Sunkist's dam, Safina is an outstanding full Peruvian, 3/8 Accoyo, colored offspring by the award-winning herdsire Fox Run's Peruvian Nomar, a Macgyver son, and a black Angel dam. Safina is Nomar's best cria to date. She is a gorgeous light brown female with unbelievable density, luster, coverage and conformation. She has that amazing "soft rolling skin" that breeders love to see, and still is a standout for her unbelievable luster at the age of 5. Safina made her show ring debut at the 2010 MAPACA Jubilee and was awarded Reserve Color Champion! She has since won Color Champion at the Carolina Show in 2011, and Brown Color Champion at the MAPACA Jubilee Fleece Show, as well as Reserve Color Champion in halter at the 2011 MAPACA Jubilee in her regrowth fleece. Sunkist comes with a complimentary breeding to any Wild Rose herd sire, along with 45 days board and a confirmation ultrasound. Choose from MAPACA Judge's Choice Champion, WRSR Allegiance's Accoyo Avanti, color and champion full Accoyos, gray Mercury Rising, or go dark with Fox Run's Peruvian Nomar (100% color producer).

Lady of Midnight is a true lady. Look at that upright stance and posture – very regal. True black with a mix of Snowmass royal black genetics including Snowmass Midnight Magic and Accoyos Express, Albus and 4P Lanarks Hearts Desire. These genetics bring the fleece traits one would expect from such elite programs – fine and with excellent handle.

Lady's sire is 2x champion Brookhollow's Midnight Express – his EPDs put him at the top of the black male class. Lady's blue ribbon-winning dam, Shazaam's Gwenivere, shows off her excellent fleece still today at 10 years old.

Lady of Midnight comes with a breeding to our 3x champion male, Double 8 Domin8tor. Domin8tor is a black half Accoyo male with excellent density, crimp and style carrying the genetics of Royal Fawn.

Dominique is a beautiful, true black, yearling female. Her fiber has a silky, buttery feel and is twisted uniformly from head to toe. She was shorn last spring after taking 3rd place in a very tough full black class at Mapaca. Her regrowth is excellent, displaying lustrously from the outside all the way to the skin. She has a stately erect presence about her. Dominique would be a welcome addition to any Suri breeding program looking for color enhancement. She is a perfect example of "Artwork that Breeds"™. Her grey genetics are quite impressive. Dominique's dam is Maid in the Mist, a dark silver grey. She has been a top producer for us, with all males selling as Herdsires after winning in the show ring. She has been a personal favorite on the farm. Dominique's sire is USA Peruvian Paverati. Paverati is a Champion medium silver grey Herdsire at Shasta Springs. We have been impressed with his crias. They all have beautiful lustrous fiber. He also has one of the friendliest personalities and this appears to pass along to his crias. It is Shasta Springs' pleasure to donate Dominique to the Mapaca Auction and help their worthy charities.

Everything a Suri breeder could hope for. Most known for her caramel colored fleece -- each lock is brilliant and greasy with luster, each lock is distinct -- flat with waves. As 2012 International Alpaca Odyssey's female Supreme Champion, Caramel has been awarded many CHAMPIONSHIPS to boost her show career. Great fleece runs in the family! Caramel Sensation's dam, Sugarbaby of PVA, was 2005: Championships at both the AOBA National Show and the AWE, and was awarded 1st place for Bred and Owned Yearling Suri Female at the AOBA Nationals, 1st place at the AWE Fleece show and the Suri Best Lock award. Caramel Sensation's sire, Koyoto of PVA, earned a Color Championship at the 2007 Futurity, and Res. Color Championships at the AOBA National Show and the AWE. More recently, in 2011 Koyoto was awarded the 1st place Fleece Get of Sire at the AOBA National Show. Truly one of the Best females ever produced by 4 Time Futurity Breeder of the Year and 2 Time AOBA Breeder of the Year, Park View Alpacas and she could be yours!

ELK Ferrari's Slick Chick is one cute, attractive and desirable daughter of Snowmass Ferrari. Ferrari, a bay black son of Snowmass Matrix, is a 3-time champion in his own right and is closed to outside breedings. Ferrari's sire, Snowmass Matrix (also closed to outside breedings), is an 8-time CHAMPION, a world-record high selling alpaca (for \$675,000), and the finest fleeced, highest curvature son of Snowmass Quechua standing in the world! Matrix still boasts an impressive 17.3 micron at 10 years of age. Ferrari's Slick Chick has excellent bone on a compact frame. She exhibits a long stapling, high frequency crimp with density, fineness, uniformity and a soft hand. She sells with a complimentary breeding to any Double "O" Good Alpacas Herdsire Hall of Fame Male, excluding Snowmass Matrix. Our recommendation would be to breed her to Snowmass XXXtreme Legacy XXX, who is co-owned with Rock Creek Alpacas. His offspring are all following in their father's footsteps carrying the same dense, uniform fleece from the top of their heads all the way down deep into their extremities. As we say ... the proof is in the pudding and that has been demonstrated by his 2013 Futurity Dark Get of Sire Reserve Championship and 7 Get of Sire First Place Ribbons. Purchasing ELK Ferrari's Slick Chick is your opportunity to add refined Snowmass colored genetics to your herd through this desirable Snowmass Ferrari daughter bred to Snowmass XXXtreme Legacy XXX! Rosandra sells with a breeding to any La Finca herdsire. I would recommend either Snowmass White Gold (Legacy line) or Heather's Acre Chairman (Vengador, Godfather, Caligula and The Last Don lines) – both Accoyos, both fine and both beautiful males. Discerning breeders of black huacayas, take notice of what Jasmin has to offer! When Jasmin was born we knew she was going to be something special. She has such a demanding presence and style about her that draws a lot of attention. Not only does she have a beautiful phenotype, but her conformation is excellent, and her fleece is very dense, very crimped, very bright and very fine. Jasmin's lineage is just packed with champions and champion producers. Jasmin is the first offspring out of our true black herdsire, Jet Stream, son of 8X color champion, STF Jetson. Jasmin's dam, Grand River Sedona, is the 2009 AOBA Black Color Champion. Her grand dam is Grand River Raeka, a 4X color champion, and grand sire is none other than the late Dark Shaddow, multiple black color champion, 2006 Futurity Reserve Dark Herdsire of the Year winner and producer of more than 50 champion offspring. Included in Jasmin's bloodlines are genetics also from Patagonia's Compadre and Bolivian Vesuvius, giving you, the buyer, an ultimate mix of strong black genetics in one package! We have been breeding with Black Mesquite (co-owned with Flying Pony Alpacas) for 12 years now and he just continues to be one of the best in the business when it comes to consistent and bright fleeces. You will also notice that I didn't limit him to dark fleeces as he has made outrageous and unbelievable light fleeces as well. As a Polar Opposite, Titan (purchased by The Alpaca Group) has been one of the best in the business when it comes to consistent and bright fleeces. You will again note that I did not focus on his light fleeces for the same reason above. The combination of these two Polar Opposite males comes together in a storm of excellence with the aptly and unerringly named Polar Opposite.

Polar is able to breed for light or black and grey should you choose. I have some excellent ideas in either thought process so take a moment and talk to me about fleece styles.

Wynn of PVA is everything a suri breeder would expect to find and more in a 5th Generation Color Champion. Wynn exhibits blinding luster, remarkable lock structure and the regal conformation of his sire, Chakotah's Wyuna (a 4-time undefeated Judges Choice Winner). Wynn has every indication of following in his Champion parents' footsteps and also to be a future champion Herdsire himself. His success in the show ring as a juvenile has confirmed this; 2013 IAO Color Champion, Supreme Champion and Best Head, along with a Reserve Color Champion at the 2013 Futurity. In his first year of production, Wyuna has already produced a male and female Judges Choice, along with the Get of Sire class, with juveniles at the 2013 IAO. Wyuna also came second to his sire, Chakotah, at the 2013 Futurity in the Dark Get of Sire class. He won the CABA Get of Sire class against Kahuna offspring. -- proof that Wyuna, like his sire and champion herdsires before him can compete and win. Wyuna's first year of offspring has proven to be just the start of an amazing line of cria. Princess Wynona of PVA, Wynn's half-sister, also took Color Champion and Supreme Champion at the 2013 IAO, along with two Reserve Color Champion awards at the 2013 MAPACA and CABA shows. Wynn's dam, Chablis of PVA, is a 4th generation Supreme Champion, receiving a 1st and Reserve Color Champion at the 2010 GWAS Show and a 3rd generation Best Head Winner at the 2011 IAO. Chablis dam, Syrah of PVA, is the 2006 IAO Color Champion, Best Head and Supreme Champion for suri females. The same year Syrah's half-brother, Diamonte of PVA, received the same awards for suri males. MacGyver's Balboa, Chablis' sire, a 17-time Color Champion, also the 2011 Futurity Dark Herd Sire of the Year and 2011 Light Reserve Herd Sire of the Year. Like Chablis, Balboa has produced many champion offspring, one being Chardonnay of PVA, Chablis half-brother. Chardonnay in 2011 took a 1st and Best Head at IAO and also a Reserve Color Champion at the 2012 GWAS show. Wynn shows a lot of promise, both for the 2014 show season and a future breeding career. You're not just buying genetics, fleece qualities, and reproductive traits for your breeding program -- you're buying into the PVA mystique! Comes with full ranch and fertility guarantee by the 4x Futurity Suri Breeder of the Year.

West Penn Alpacas is proud to present this extraordinary Quechua's Verticase daughter bred from very select bloodlines! WP Velina is a medium fawn female with exquisite fleece characteristics. Velina's pedigree is stellar with Evander, a multiple Champion producer, siring her dam, Inca Trails Autumn Delaney. Delaney has passed on her bright fleece and gentle personality. Her sire, Quechua's Verticase, an Elite son of the late Snowmass Quechua, is a Champion Producer and Get of Sire Winner himself. Norm Evans' skin biopsy shows Verticase's density to be 110 follicles/sq mm, which is off the charts! Her genetics coupled with her solid conformation and sweet disposition will make any breeder take a second look. One more tidbit to sweeten the pot

... she sells with a complimentary breeding to Accoyo America Zeus (proudly co-owned with Alpaca Palace). Zeus is the full brother to multiple Get Of Sire winner, Hemingway-Accoyo Herdsire, Accoyo America Road Warrior. Or you can choose any male at West Penn Alpacas for a non-transferable breeding.

We got a beautiful "treat" the day before Halloween six years ago when Tamora (Shakespear's Queen of the Goths) was born on our farm. A spectacular confection of magnificent genetics that looked like a chocolate truffle, with swirls of bay black, brown, grey and caramel. True to the strength of her great Suri Sires -- Condor, Inca, and Ramilo, this full Peruvian girl did not disappoint. Tamora is the most attentive dam on the farm. She frequently plays the role of nanny paca to others' crias in her pasture. Bid early and bid often because this beauty has been one of the most sought-after members of our herd.

GET YOUR SUNGLASSES OUT, 'CAUSE YOU'RE GONNA NEED THEM! We are so proud to present in the MAPACA 2014 Auction the FINEST female on our farm. Boasting 13.7 micron at her 2013 shearing ... Sunset Hills Citusee' ... pronounced Sight To See ... and this girl is just that! She is SUPER SOFT, SOFT, SOFT, say many of the judges that have evaluated her in the show ring. "A very high amplitude," "high frequency," "consistent across the blanket," "into the extremities advanced fleece" are comments consistently heard. She is one beautiful alpaca, feminine with all the great qualities any breeding program would look for in their production herd. She comes from a blend of powerhouse genetics including Quechua, El Nino, Bueno and Hemingway. Put this powerhouse female into production in your herd! INTRODUCING: The 2009 Aoba National Black Color Champion! From the moment Sedona was born we knew she was going to be very competitive in the showing. She comes from a lineage of champions and champion producers, and Sedona herself is the full package deal! Not only is she the granddaughter of our late Dark Shaddow, a multiple champion award winner, 2006 Futurity Dark Herdsire of the Year winner and producer of more than 50 champion offspring with genetics available both in the U.S as well as in the U.K., she is also the daughter of Patagonia's Compadre and Grand River Raeka, a 4X color champion. Sedona is a proven solid bay black female with fleece that is extremely dense, bright and crimped. Sedona is being offered for sale with her male cria, Grand River Jet Stream's Shaddow, born on 10/9/13 and sired by Grand River Jet Stream, son of 8X champion STF Jetson. Jet Stream's Shaddow is a stunning show quality male with a very pleasing phenotype, excellent conformation and very dense, bright and crimped fleece; and we feel he will be very competitive in the show ring. Sedona is currently open, and to sweeten this package even more, Sedona sells with a complimentary breeding back to Grand River Jet Stream making this a great 3-in-1 package!

First, we will clear up one thing -- Miss Not for Sale IS now for sale! This lovely young lady is the result of a pairing that we knew had to be a success. Her dam, PRA Belinda, is one of our treasured foundation females and has produced herdsires MFI Brock, Jericho's Black Thunder, and MFI Peruvian Blakely, as well as being the granddam of Tuscan Gold. Bred to Accoyo Bentley she produced a rose gray male named Leonardo and so breeding her to our rose gray 2X Futurity Champion, Jeremiah's Quatrain, made great sense. We were thrilled to see her produce such a stunning silver gray female and are pleased to offer her in the MAPACA auction. Miss Not for Sale, like her sire Quatrain, is consistent from head to toe. She is very dense and has a bright, well-organized fleece. Her conformation is square with topline, leg alignment, and bite correct. Miss Not for Sale will be ready for her maiden breeding this spring. You may choose from any of the herdsires listed on either Coffee Pot Farm or Whistler's Glen Alpacas alpacanation websites. We would suggest our multiple champion MFI Peruvian Cactus Jack, who will contribute his beautiful fleece and the genetics of his silver gray grandfather, Silvio, and predict a strong possibility of rose gray as the result. Another choice might be FDA Bisturi's Rockin Steele, a champion as well, whose half sister was the high selling alpaca at the Priority Auction in Las Vegas this year. Whatever your choice, Miss Not for Sale will give you many years of excellent production!

VAC's Day Lily is a super dense, super straight female, who will be ready to breed soon. We have had great success when crossing 4Peruvian Legacy genetics with those of our 12X Champion Beethoven! Day Lily is no exception and is undoubtedly one of the best females born on our farm. Lily is loaded with gorgeous, crimped, fine, silky fiber. Day Lily sells with a free breeding to any of VAC's males including multi-champion Crystal K-O and VAC's Supreme Ice, a Snowmass Quechua grandson. It is my feeling that Lily would also do very well bred to a dark herdsire to bring out her darker colored background. Kissed At Midnight's fleece

Suggested Service Sire: Double 8 Domin8tor

Kissed by the best attributes of her true black Champion Sire, Midnight Express, and her award-winning true black dam, MKC French Kiss, Kissed at Midnight won't be able to linger any longer in the shadows -- although her grand sire is the multiple champion award winner, 2006 Futurity Dark Herd Sire of the Year winner and producer of more than 50 champion offspring with genetics available both in the U.S as well as in the U.K. -- Dark Shaddow. This girl carries the fineness and handle of her aforementioned genetics combined with the density of her paternal genetics, including Snowmass Midnight Magic and Accoyo Express.

Kissed at Midnight comes with a breeding to champions Double 8 Domin8tor or By the Bay's Bristol. Domin8tor is our 3x champion true black half Accoyo male with excellent density, crimp and style carrying the genetics of Royal Fawn. Bristol is a Judges Choice and multi champion fawn scoring a Perfect 20 out of 20 for Fineness at AOBA Nationals 2012 on his way to a fleece score of 88 and AOBA National Champion! That's impressive.

WOW! BFF is a beautiful, full Accoyo female. From her typey wedge-shaped head inclusive of full beard, down to her big-boned, "tree trunk" legs – this girl's got it going on! BFF has excellent fleece, super silky, fine, and there is lots of it. BFF has powerful genetics from both sides of her pedigree. Her dam, Ameripaca's Diamond (Santiago x Desire' daughter) was a top selling suri at the Breeder's Choice Auction. Diamond is gorgeous; she has fine, lustrous fleece with consistent, tight pencil locks. BFF's sire, Brunello, is special. He has all the traits you want in an elite suri herd sire ... excellent luster with fabulous lock, good density and beautiful conformation, along with a great bite. Based on his skin biopsy (secondary fibers averaged 20.5 microns) Brunello's strong point in relation to other Suri males is his fineness of fiber, which should relate to excellent handle and is a strongly passed genetic trait. Brunello's dam, HHSF Obviously The One (Accoyo Ramilo x Accoyo Quilla), is one of our favorites. Brunello's sire, Accoyo Davinci, does not need an introduction with his genetics of Accoyo Rockstar and Accoyo Luna. BFF comes with a free breeding to any of our solely owned herd sires, and our fertility guarantee is dependent on the buyer using that breeding. BFF is entered in the MAPACA Halter Show. Call consignor before BFF steps onto the auction stage for possible alternative financing terms. [www.AlpacaTradingPost.net](http://www.AlpacaTradingPost.net)

Finding a high quality true black herdsire can take time; however, we have been breeding high quality black huacayas for years and feel Venadium will be an outstanding investment for his new owners. He is ready to breed and brings with him a powerhouse of champion genetics from both sides of his lineage. Venadium comes from two multiple champion parents. His sire, Crescent Moon's Velocity, was Reserve Color Champion at the Futurity as well as color champion at the TxOLAN show. Venadium's dam, Grand River Sedona, is the 2009 AOBA National Color Champion as well as Reserve Color Champion at the NY Empire Show. Sedona's dam is Grand River Raeka, a 4x champion who was also a reserve Futurity Champion and produced two AOBA National Champions. Venadium's grandsire is the late Dark Shaddow, who needs no introduction, as he was the top true black herdsire in the country producing well over 50 champion offspring and winning several championships himself along with Futurity Reserve Dark Herdsire of the Year. We see great things happening for Venadium as well. He is a gorgeous true black male with a very pleasing phenotype and very fine, very bright, crimped fleece. Venadium is a show quality male who placed in the top of his class in the 2012 and 2013 shows. He has matured into an outstanding looking herdsire. Venadium's phenotype, personality and style will be a great marketing tool in itself.

Michella is ready to start her show career off this 2014 show season, so be sure to watch for results and show winnings at this year's IAO, Futurity and MAPACA Jubilee. Michella is a beautiful, lustrous light brown female, sired by the 4-time Undefeated Judge's Choice winner, Chakotah's Wyuna. Michella's siblings include 5th Generation COLOR CHAMPION and 4th Generation IAO SUPREME CHAMPION and BEST Head winner, Wynn; 4th Generation COLOR CHAMPION and 2nd Generation IAO SUPREME CHAMPION, Princess Wynona; and Wyuna's White Diamond, 2013 AOBA Nationals BEST Bred & Owned Suri Female. In his first year of production, Wyuna has already produced male and female Judges Choice, along with the Get of Sire class, with juveniles at the 2013 IAO. Wyuna also came second to his sire, Chakotah at the 2013 Futurity in the Dark Get of Sire class. He won the CABA Get of Sire class against Kahuna offspring -- proof that Wyuna, like his sire and champion herdsires before him can compete and win. Wyuna's first year of offspring has proven to be just the start of an amazing line of champions. Michella's grand-dam, Minuet of PVA, is out of DPA Minnie and by Keanu of PVA, a breeding combination that has produced such high quality, ribbon-winning animals as Masterlock, Minerva and Minnehaha. DPA Minnie was out of PPeruvian Minuet and by Ricardo; Keanu out of Peruvian Fawn Alli and by The Mahogany Prince, PVA's finest foundation animals. Michellina's sire, MacGyver's Balboa, has won many ribbons and awards in his own right. Most recently, in 2011 he was named Dark Herd Sire of the Year, and Reserve Light Herd Sire of the Year. No wonder Michellina has fleece you love to touch, and genetics you'd love to add to your own breeding program! Sold with a breeding to 2010 Supreme Champion, 4th Generation Color Champion Black Beau of PVA.

DDF Bobbie Ann                                      Mountain West Patra

We are proud to offer Bobbie Anna Suave for your consideration as she is one of our best white Rico Suave daughters. She has excellent conformation and a beautiful head, with an abundance of fleece that covers from head to toe. Her fleece is very bright with a high frequency crimp style. At this time in her life she has excellent fineness. So, as we breed for lingering fineness is there any guarantee? We all want it and try for it, but it just takes so long to know if we really have it. Starting with a solid foundation can be the best way to reach this goal, so we combined 17-micron Rico Suave with one of our favorite females, Mountain West Gabrina. At age 6, Gabrina has a micron of 21.9 and a CV of 19.6. Bobbie Anna's grand-dam, Mt. West Patra, at age 10, has a micron of 20.6 and a CV of 18.9; her great grand-dam at age 14, has a micron of 22.9 and a CV of 20.4. We are impressed with the family history of microns on the dam's side, but the genetic potency of sires such as Accoyo Elite, Accoyo El Nino, Hemingway, Accoyo Pachacuti, Nautilus and Rico Suave, can't be ignored. Bobbie Anna has all the makings and the potential to be a treasured foundation female! Bobbie Anna is offered with a complimentary breeding to any of our available herdsires. We recommend Fir Cove's Accoyo Avalanche.

It is with pride that we offer WP Rock-N-Rose at the 2014 MAPACA Auction. WP Rock-N-Rose is a beautiful daughter of our Black Snowmass Royal Bronze son, Wyatt's Rock-N-Roll. Rock-N-Roll has been a solid producer for us, siring members of our show string every year! With his solid Snowmass pedigree, it is no surprise that he is the male that we expected him to be. Her dam, Snowmass Cangalli Rose, is a Futurity Champion and sister to one of the greatest Light Fawn Snowmass Champion males, Snowmass Cangalli Gold! If you look at histogram history of Snowmass Cangalli Rose, you will see a pattern of Elite fiber production that has mirror images and proof of the genetic potential in Royal Baby fiber production (stated by Julie herself). Rock-N-Rose is a fine example of this genetic potential with 2 years histograms proving it! Rock-N-Rose not only has the fleece characteristics that are desired by our industry, but also a solid compact frame needed for reproduction. She is the complete package with solid pedigree, solid fleece characteristics, solid frame!! She also sells with her maiden breeding (non-transferable) to any West Penn Herdsire of the Buyers choice! This includes our Snowmass Quechua Son, Verticase, and our Accoyo Elite son, The Elite Maximus. Both of these sires are stamping the Industry with Champion Progeny!

Her genetics are jam-packed with champions and champion producers. Majestic is the granddaughter of the late Dark Shaddow, multiple champion and 2006 Futurity Reserve Dark Herdsire of the Year winner; Emerald Farm's Rincon Cloud, 2005 AOBA National Gray Color Champion; Crescent Moon's Rayo del Sol, 8X Color Champion; and the late Accoyo Peruvian Legacy, 2X Futurity Herdsire of the Year winner. All of these champion herdsires have produced multiple champion offspring. The females in this genetic pool also play a huge role in the quality represented in Majestic's lineage. Her dam, Grand River Dutchess, is a blue ribbon winner, and both of Majestic's grand dams, Crescent Moon's Peekaboo and Fortune Cookie, have produced champion award-winning offspring. Majestic herself is a show quality female having placed in the top of her class in competitive shows. Her conformation is excellent and her fleece is very dense with a zippered style crimp and long staple. Majestic will be the cornerstone for any farm's grey breeding program. Her sire, Black Beau of PVA, is a third generation Color Champion at The Futurity and Nationals. Her grandsire, Diamonte, is one of the most stellar males I've ever laid my eyes upon. You combine this with an elite-fleeced dam out of Kahuna and it's a win for anyone looking to jump in right at the top of the game!! Kamira's full sister was Judges Choice at the 2013 Southern Select Alpaca Show and was purchased by Bruce and Myndee Jung of Rock Creek Suris. Another full sister with amazing looking fleece sold at the Showdown Auction 2013 to Jan and Jon Rager. This girl is beige, but has great potential to throw color as well. Make sure you stop by and take a look -- it will be worth every minute of your time!!

It is with pride that we offer WP Peruvian Variscite up for sale in the 2014 MAPACA Auction. Variscite is a great representation of a solid Full Peruvian female that would complement even the most prestigious breeding programs! Variscite comes from a "powerhouse" of Genetics, with both sides of her pedigree producing champions! Her Dam, Peruvian Crystal, is Sired by 6Peruvian Accoyo Godfather, and remains a foundation production female in our herd. Variscite is sired by Quechua's Verticase, an Elite son of the late Snowmass Quechua. Norm Evans' skin biopsy shows Verticase density to be 110 follicles/sq mm, which is off the charts!!! Once you evaluate her fleece you will be amazed at the definition of crimp, fineness, brightness, and density exhibited there!

Variscite sells bred to Accoyo America Zeus (proudly co-owned with Alpaca Palace). Zeus is the Full Brother to Multiple Get Of Sire winner Hemingway-Accoyo Hertsire, Accoyo America Road Warrior. Her strong conformation coupled with her highly sought after fleece style, and her desirable personality will make any serious alpaca breeder take a second look!

2nd Generation AOBA Nat'l Black Color Champion bred to 2nd Generation AOBA Nat'l Color Champion Wyuna in hopes of producing a 3rd Generation Champion for her new owner. When Nataliah was born, we could hardly believe how black she was, or how bright and lustrous her fleece was. Apparently, the judges that Nataliah encountered during the 2011 show season could hardly believe it either, as she won AOBA National Black Color Champion. Nataliah's dam is Nikatia, the mother of PVA Mahogany Prince, the one who started it all for PVA. In them lay the seeds of PVA's entire breeding program – the Headmaster himself, and his 2nd, 3rd, 4th and soon 5th generation Supreme and Color Champions. In 2011, Nataliah's sire, Balboa, was named the Futurity Dark Herd Sire of the Year, and Res Light Herd Sire of the Year! Offspring like Nataliah made this possible for him, along with siblings Bejeweled - 2011 AOBA Res Black Color Champion, Testaverde – 2x Futurity Color Champion.

With full Peruvian Nataliah, you're not just buying the genetics, fleece qualities and reproductive traits for your own breeding program that we enjoy in ours – you're buying into the legend and mystique of Park View Alpacas! Full Ranch guarantee from 4 X Futurity and 2X AOBA Breeder of the Year.

## CCNF CAMERON

Donated by:

Cas-Cad-Nac Farm

ARI# 1313321  
D.O.B. 05/31/05

Color: True Black

Sire: Snowmass Nova  
Dam: Camburi 8896  
IMPZ98

Cameron doesn't need us to tout his praises. He speaks for himself through his amazing show record, his astonishing fleece, his legendary pedigree – and most importantly, his multi-champion and multi-ribbon winning offspring.

We first met Cameron when he was only four months of age. Seeing he was already something special, we eagerly purchased half interest from our friends Ian and Jennifer Lutz of Cas-Cad-Nac Farm. Then we waited and watched him mature into a finer yet denser version of his sire, Snowmass Nova, Herdsire of the Year two years in a row. He is a veritable new and improved edition!

He carries EXCEPTIONALLY dense, bright fleece with spectacular (almost unbelievable) high frequency crimp. There is a perceptible sigh or gasp every time we part his fleece to show off to visitors. We can confidently say he is one of the preeminent black males out there today. He is passing these traits along with sub-20 micron fleece diameters to his fawn, black and grey champion offspring.

**SHOW RECORD:** 1st Place and Reserve Color Champion – 2006 Empire Alpaca Extravaganza • 1st Place and Color Champion – 2006 Green Mountain Alpaca Fall Spectacular • 1st Place Bred and Owned Dark Yearling Male – 2006 New #England Coastal Classic • 1st Place Bred & Owned Dark Yearling Male – 2006 Empire Alpaca Extravaganza • 1st Place Bred and Owned Yearling Male – 2006 Green Mountain Alpaca Fall Spectacular • 1st Place and Color Champion – 2007 CABO • 1st Place Bred & Owned Yearling Male – 2007 CABO • 1st Place and Color Champion – 2007 North American Alpaca Show • 1st Place Bred & Owned Dark Yearling Male – 2007 North American Alpaca Show • 1st Place and Color Champion – 2007 Futurity • 1st Place and Color Champion – 2007 MAPACA • Color Champion – 2009 MAPACA (True Black Fleece)

Goldstar is a once in a lifetime opportunity!! This Full Accoyo Fawn Futurity Champion has positioned himself as the number one producer of Champions on the Miller-McMahan Alpaca Farm. This guy is not only producing Color Champions throughout the U.S., but is also producing Judges Choice Winners. Goldstar's daughter (Emerald Cut - White) was the 2013 Futurity Judges Choice female! He also sired the 2014 True Black Male National Color Champion. As you can see, he is throwing Champions in all colors! This guy is throwing unseen luster, density, locking, and fineness. Add this to the stellar head styles and phenotypes, and you have yourself a Color Champion or Judges Choice Champion. Buy this breeding, and the sky is the limit for you and your farm.

Four Points Alpacas

ARI# 31651899

D.O.B 04/22/09

Color: Med Rose Grey

Sire: Snowmass XXXtreme

Dam: Marca De Plata

This Champion Herdsire is producing Champion offspring in his first year of production.

**HISTOGRAMS:** 2010 15.8 3.7 23.2 0.9 • 2011 18.9 4.5 24.0 1.6

Tres is now in MD, and please contact Gray Alpaca Company or Four Points Alpacas for breedings.

**AWARDS:** RESERVE CHAMPION 2013 IAO Com. Division Halter Breeders Production Best • 3rd Place 2013 IAO Commercial Division Halter Get of Sire • 2nd Place 2013 IAO Commercial Division Halter • 1st Place 2012 NAWAS

Treasure Valley's Tres Equis brings new gray genetics to the east coast, and from alpacas you would not normally see on a gray ARI...Snowmass XXXtreme, Peruvian Hemingway, Peruvian Bueno, PCA Peruvian Microsoft, Microsoft-Accooyo Marco Polo to name a few.

VIDEOS YouTube: • [www.youtube.com/watch?v=Us\\_qbqPsS9o&feature=youtu.be](http://www.youtube.com/watch?v=Us_qbqPsS9o&feature=youtu.be)

• [www.youtube.com/watch?v=pDPSSYZBr2o](http://www.youtube.com/watch?v=pDPSSYZBr2o)

In addition to his stellar bloodlines, his fineness and density are at the top. It is difficult to open his fleece and see skin. Tres Equis was shown in 2012 at the Northwest Alpaca Showcase and awarded First place in his class, and the Color Championship. Judge Wade Geese comments "The oldest male in the class was chosen for superior density and long lasting fineness for his age." The pedigree, phenotype and superior DENSITY coupled with the fineness bred in, proved to be the proper combination.

Colors to date: 2012 cria crop are TRUE BLACK, LIGHT SILVER GREY, MEDIUM ROSE GREY, LIGHT FAWN, MEDIUM FAWN, CLASSIC AND MODERN ROSE GREYS.

## ACCOYO AMERICA KINGFISH

Donated by:  
Little Creek Farm &  
Accoyo America

ARI # 32322330

DOB: 7/28/11

Color: White

Sire: Accoyo America Shogun

Dam: Accoyo America Karma

**SHOW RECORD:** Color Champion, First Place AOA National Show 2014 • Judges' Choice; Color Champion; First Place – Aoba National Show 2013 • Color Champion; First Place – CABA Classic 2013 • Judges' Choice; Color Champion, First Place – MAPACA 2013 • Judges' Choice' Color Champion; First Place – Alpacapalooza 2013 • First place, CABA Classic 2012 • Reserve Champion; First Place MAPACA 2012 • First Place Alpacapalooza 2012

**HISTOGRAMS:** 2012: 12.5/2.6/20.9/0.2 • 2013: 16.3/3.4/21.1/0.4 Grid sampling revealed just 1.1 MFD variation across the extent of the blanket.

After winning the white championship at every show he entered in 2013, Accoyo America Kingfish demonstrated his enduring fleece qualities with a second, back-to-back championship at the AOA National show in 2014. A multiple-time Judges' Choice winner and phenotypic powerhouse, Kingfish impressed the judges with his solid conformation and fine, exquisitely structured fleece with remarkable brightness and hand. They noted with approval how his blanket fleece extended uniformly down and across his belly and into his brisket with a consistent expression of crimp. Kingfish is out of Accoyo America Karma, an outstanding Ulysses daughter that ranks among our very top production dams and boasts an 18 micron fleece in middle age. Kingfish's sire is none other than the Futurity and Aoba champion white male, Accoyo America Shogun, a Legacy son from a Hemingway/Sicuan dam. We consider this fusion of genetics to be the next step in our breeding program. Kingfish is not currently available for outside breedings. This may be your only chance to acquire the services of this phenomenal young male.

# Terms & Conditions of Sale

The following Terms and Conditions as amended by any notices or announcements by the Auctioneer during the auction, constitute the entire agreement between SILVER PENN SALES, LLC (the "Host"), sellers of alpaca's at the auction, (each a "Seller" and collectively the "Sellers"), and bidders and buyers at the auction (each a "Buyer" and collectively the "Buyers"). The "Auctioneer" shall be the party or parties identified by the Host, on or before the auction, as the auctioneer for the respective auction event.

## TERMS

**PAYMENT:** Terms are cash payment in full, or with terms approved by the Seller. Payment must be made to the Cashier immediately following purchase; personal checks are to be payable to SILVER PENN SALES, LLC. Seller reserves the right to require a certified check as settlement before releasing the animal. Registration papers for a financed alpaca(s) will not be transferred into the Buyer's name until the financed alpaca(s) is paid in full. All crias born from financed females will be registered in the Seller's name until the alpaca is paid in full. All signed certificates for services performed from financed males will be signed by the Seller as owner at the time of the breeding until alpaca is paid in full. Any and all monies generated from the financed alpaca(s) including but not limited to the sale of offspring, breeding service, insurance proceeds and the like will go against the unpaid balance until the alpaca is paid in full.

**BIDDING:** The highest bidder recognized by the Auctioneer shall be the Buyer. Bids tendered after the fall of the hammer are not valid grounds for dispute. If any dispute arises between two or more bidders or in the event of doubt on the Auctioneer's part as to the validity of any bid, the Auctioneer will have the final discretion either to determine the successful Buyer, or to re-offer and resell the alpaca in question. The Auctioneer's determination is conclusive and not subject to challenge. The Auctioneer reserves the right to reject any bid. The Auctioneer's determination of the successful Buyer hereunder shall be final and conclusive and Buyer waives any claims whatsoever of any nature against the Auctioneer, the Host and the Seller, based on the Auctioneer's final determination hereunder.

**RISK OF LOSS:** All sales are final upon the fall of the hammer, and an acknowledgement of the Purchase shall be signed by each Buyer following their purchase. All risk of loss, including but not limited to death, injury, or any veterinarian costs for the alpaca becomes the Buyer's risk upon the fall of the hammer. The Host assumes no liability for loss or injury due to theft, mysterious disappearance, sickness, improper handling or acts of God, and Buyer specifically waives any and all claims it may have against the Host arising out of any of the above aforementioned occurrences.

**REGISTRATION PAPERS:** All registration papers will be delivered when the alpaca(s) are paid for in full. The Buyer is responsible for all transfer fees.

**DEFAULT OF PURCHASE:** If any person shall purchase an alpaca and fail to pay for it in the manner described above, the Seller shall have, in addition to all other legal rights, the right to resell the alpaca, or at Seller's option, bring an action for specific performance, in which event the defaulting Buyer agrees to pay all costs of such suit, together with all reasonable attorney's fees and costs. In the event of a resale, the defaulting Buyer agrees to pay all costs of resale, plus any deficiency between the original purchase price and the total purchase price upon resale.

**TRANSPORTATION:** The Buyer, at Buyer's own expense, shall transport the purchased alpaca from the auction. Any arrangements or disposition of the alpaca after the purchase other than immediate removal must be made directly between Buyer and Seller.

**CATALOG:** Every effort has been made to assure correctness of the auction catalog. However, neither the Host nor the Auctioneer are responsible for any errors or omissions and they assume no liability on their part for statements, either written or verbal on any alpacas sold.

To the extent there are any representations and warranties regarding any animal, such representations and warranties shall be deemed to be only made by the Seller of the animal. The respective Seller is the sole warrantor of all such information. Any corrections made at the time of the sale from the Auctioneer's podium shall supersede the catalog and any and all claims made prior thereto.

**TAPE:** A video and/or audio tape recording will be made of all auctioned sales which shall be used to settle any questions regarding statements made about animals while they are in the auction ring.

**CHANGE OF VENUE:** The Sellers and Buyers agree to hold the Host harmless from any and all damages in the event of a change in location, time or date or cancellation or similar modification of the sale, arising from any cause whatsoever.

**NO LIABILITY:** Any person attending the sale, whether as a Buyer, Seller, observer, or the agent, employee or assign of any person, does so at their own risk and no liability, duties or obligations, and/or responsibilities of any kind or nature shall be imposed upon any of the Host, the Auctioneer, or any of their owners, employees, or assigns, for any accident, injury, mishap, theft, damage, and/or other harm regardless of cause. Buyer acknowledges and agrees that in no event shall the Host, the Auctioneer or any Seller be liable for any incidental, consequential, punitive, exemplary, or special damages of any kind arising as a result of or in connection with this Agreement in any way.

**DISCLAIMER OF LIABILITY:** NEITHER THE HOST, THE AUCTIONEER, NOR ANY AGENTS THEREOF, MAKE ANY REPRESENTATIONS OR WARRANTIES WHATSOEVER WITH RESPECT TO THE SUBJECT MATTER OF THIS AGREEMENT, INCLUDING WITHOUT LIMITATION, THE SALE OF ANIMALS OR THE SERVICES PROVIDED HEREUNDER. ANY REPRESENTATIONS OR WARRANTIES IN CONNECTION WITH ANY ANIMALS ARE MADE SOLELY BY THE RESPECTIVE SELLER ONLY. UNLESS OTHERWISE SPECIFICALLY AGREED TO ELSEWHERE IN WRITING BY THE SELLER, ALL SALES OF ANIMALS ARE ON AN "AS-IS BASIS", AND THE HOST, THE AUCTIONEER, AND THE SELLERS DISCLAIM ALL WARRANTIES, WHETHER EXPRESS OR IMPLIED, ORAL OR WRITTEN, WITH RESPECT TO THE ALPACAS AND THE SERVICE PROVIDED FOR HEREUNDER, INCLUDING WITHOUT LIMITATION ALL IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE.

**FORCE MAJEURE:** The obligations of any of the Host, the Auctioneer, the Seller, or their agents, to perform under this Agreement shall be excused during any period of delay if such delay arises from any cause or causes which are reasonably beyond their control, including, but not limited to, the following: Acts of God, acts or omissions of any government, or any rules, regulations or orders of any governmental authority or any officer, department, agency or instrumentality thereof; fire, storm, flood, earthquake, insurrection, riot, invasion or strikes.

## HOLD HARMLESS INDEMNIFICATION AGREEMENT

The Host is not acting as an agent or a representative of the Sellers or the Buyers. Both the Sellers and the Buyers warrant that all sales represent a contract SOLELY between the Seller and the Buyer and further agree to hold harmless and indemnify the Host against any and all claims made for any reason at any time with respect to this sale. Sellers and Buyers warrant that the Seller and the Seller alone is responsible for all warranties and representations concerning its alpaca(s) in the sale and that the Host and the Auctioneer have made NO representations or warranties or any guarantees of any type whatsoever regarding the services provided for hereunder or the alpacas, including without limitation in regards to the soundness, fertility or birthing of any alpaca in the sale. Both the

Sellers and Buyers agree to hold harmless and indemnify the Host and Auctioneer from any claims made regarding the health or soundness of any alpaca in the sale.

**RESOLUTION OF DISPUTE:** Any dispute or claim arising out of or relating to this Agreement, or the breach thereof, shall be settled in Pittsburgh, Pennsylvania by arbitration in accordance with the Pennsylvania Uniform Arbitration Act, (73 Pa.C.S.A. §7301, et seq.). A single arbitrator shall hear this matter.

**GOVERNING LAW:** This Agreement, and the sale and all transactions between the Buyers and the Sellers will be governed, construed and enforced in accordance with, the laws of the Commonwealth of Pennsylvania. The parties hereto agree to the exclusive jurisdiction of Allegheny County, Pennsylvania.

**BLOOD TYPING & MICRO-CHIPPING:** Seller shall warrant that all alpacas made available for sale at the auction shall be ARI Registered, Blood Typed and Micro-chipped.

**AUTHORIZED AGENTS:** Persons acting as agents must be indicated as such when signing the Acknowledgement of Purchase, and the Host and Seller may rely on such agency representation and Buyer shall be bound by the acts of its agent.

**WITHDRAWAL RIGHTS:** Sellers reserve the right to withdraw any alpaca from the sale prior to the fall of the hammer without liability to Buyer.

### IMPORTANT NOTICES

**INSPECTION OF ALPACAS:** Buyers are urged to examine the alpacas carefully. Unless otherwise specifically agreed to in writing by the Seller,

all sales shall be "AS-IS", and failure to inspect the alpacas will not be grounds for rescission of the purchase.

**ABSENTEE BIDS:** Absentee bidding is available to Buyers subject to these Terms and Conditions of Sale and is provided as a convenience for Buyers who are unable to attend the auction. Bids may be left with an auction representative who will try to purchase the alpaca or alpacas of Buyer's choice for the lowest price possible. Although every reasonable effort will be made to execute these bids, the Host will not be responsible for any errors or failure to execute bids.

**TELEPHONE BIDDING OR INTERNET BIDDING:** Telephone and Internet bids are accepted subject to the Terms and Conditions of Sale. Although every reasonable effort will be made to execute these bids, neither the Host nor the auctioneer will be responsible for any error or failure to execute bids.

Anticipated breeding dates and due dates will be announced at the sale; these dates are for your information only and are not binding upon the Host, the Auctioneer or the Sellers.

**NO LIABILITY:** Buyers acknowledge and agree that neither Silver Penn Sales nor MAPACA shall have any liability to Buyer whatsoever, arising out of any cause whatsoever, except solely as it may arise out of its capacity as Seller.

## Warranties Offered

**PROVEN PRODUCERS:** A proven producer is a female which has already given birth to a cria. Proven producers will be considered to be fertile. There are no expressed or implied warranties for proven producers.

**NEWBORN CRIAS:** There are no expressed or implied warranties for crias sold with their dams.

**BRED MAIDENS:** A bred maiden is a female which has not yet had a cria and is determined to be pregnant. If the cria is not born alive, the Buyer will receive a free breeding to a male owned by the Seller. There are no other expressed or implied warranties for bred maidens.

**MAIDEN FEMALES:** Young females are guaranteed to have the ability to become pregnant by the time they reach 32 months of age and to give birth to a live cria.

**ALL FEMALES:** Sells with a live birth guarantee which means that should the alpaca not have a live birth, the respective Selling Farm will rebreed for free. Warranty ends after first birth.

**PROVEN MALES:** A proven male is a male which has impregnated a female or which has been tested fertile. Proven males will be considered to be fertile. There are no expressed or implied warranties for proven males.

**YOUNG MALES:** Young males have been checked by a veterinarian and have been found to have anatomically normal reproductive organs. Young males are warranted to have the ability to impregnate a female by the time the male is 36 months of age.

**YOUNG FEMALES & MALES:** With respect to Young Females and Young Males. Seller must be notified in writing by the Buyer's veterinarian of any

claimed abnormality within one year of sale. Seller will, at Seller's option with either: (1) replace the alpaca with an alpaca of equal quality, (2) give the Buyer credit toward the purchase from the Seller of another alpaca in an amount equal to the total number of the purchase price or (3) give a refund of the purchase price paid at the auction. The foregoing is the full extent of the responsibility of the Seller, and by way of illustration and not limitation, in no event shall the Seller be liable for incidental or consequential damages, or for any changes or expenses of any nature incurred without Seller's written permission.

EXCEPT AS EXPRESSLY STATED ABOVE, SELLER MAKES NO WARRANTY OF MERCHANTABILITY AND NO WARRANTY OF FITNESS FOR ANY PARTICULAR PURPOSE, NOR DOES SELLER MAKE ANY WARRANTY EXPRESS OR IMPLIED OF ANY NATURE WHATSOEVER WITH RESPECT TO THE ANIMALS IN THIS SALE.

Sellers and Buyers warrant that the seller and the seller alone is responsible for all warranties and representations concerning their alpaca(s) in the sale and that Silver Penn Sales and the auctioneer have made NO warranties or any guarantees as to the soundness, fertility or birthing of any alpaca in the sale. Both the Sellers and Buyers agree to hold harmless and indemnify Silver Penn Sales and auctioneer from any claims made regarding the health or soundness of any alpaca in the sale.
